

What's On Guide!

800-STAR

August 2008 33

Good Day 800STAR Members,

800STAR is very excited to inform members about the launch of our latest product "MyStar". MyStar is the latest product in GPS Stolen Vehicle Tracking and Alarm Monitoring Service. MyStar provides you with the added confidence and peace of mind that only a monitored security system can offer by helping to track, locate and recover your vehicle in the event of a break-in or theft.

What is MyStar?

The MyStar vehicle security and passenger safety system incorporates up-to-date in-vehicle technology combining the use of the mobile phone network and satellite tracking systems to monitor your vehicle's alarm status. In addition, if you or your passenger's safety is at risk, MyStar can also assist you with immediate emergency assistance. MyStar is different to most other products on the market as MyStar has the ability to simultaneously establish a phone call and send data communications anywhere within the GSM carrier network. This means you can speak to an Assistance Operator if you need emergency assistance or a connection to your Roadside Assistance Provider and at the same time they will instantly receive your vehicle's location so that you don't have to tell them.

How does MyStar work?

The MyStar system utilizes satellite positioning (GPS) and mobile phone technology (GSM) to pinpoint and track your vehicle's location. If your vehicle's alarm is activated, the satellite

system works by sending a vehicle location message to the 800STAR Assistance Centre where your vehicle's position is displayed on a digital map.

Vehicle Alarm Monitoring

We're monitoring even while you're not watching. Through the continuous monitoring of your vehicle's alarm system, we offer you added peace of mind and additional security for one of the most valuable assets you will invest in. Even leaving your vehicle in an area that is not so well known to you becomes a less worrying choice because we will be monitoring until you return. If your vehicle's alarm is triggered, an alert will be received at the 800 STAR Assistance Centre and tracking procedures will be commenced

Stolen Vehicle Tracking

Protecting your vehicle - or we'll help find it if it gets stolen. If your keys are stolen or a thief does manage to beat the alarm system and steal your vehicle, with one call to MyStar we will quickly locate and start tracking your vehicle. We can arrange assistance from the Police where necessary. Using password protocols MyStar can remotely immobilize your vehicle as soon as the ignition is switched off, to prevent any further attempts by the thief to drive the vehicle and assist with the recovery of your vehicle.

Emergency Assistance

We'll help to keep you and your passengers feeling safer when on the road. If you find yourself in a fix, or need a quick response to an emergency situation, help is at hand with a

simple connection to the Assistance Operator along with your vehicle's location information. As soon as an emergency call is made, tracking of your vehicle commences immediately, and the Assistance Operator will stay on-line until no further assistance is required.

Remote Unlock

We'll help reduce the stress in your life. With kids, golf clubs and shopping to contend with, you could easily lock your keys in your vehicle. With MyStar installed, by simply calling the 800 STAR Assistance Centre your doors can be remotely unlocked and you can continue with your day.

For Further information

The 800STAR Assistance Centre provides support for the whole MyStar experience, from initial enquiries through to helping you once MyStar is installed in your vehicle. If you would like to purchase MyStar for your vehicle, please contact us on 800 STAR (7827) or email your enquiry to mystar@800star.biz. We will be happy to discuss any queries you may have relating to 800 STAR products and services.

In addition, you may go in to any of the following 800 STAR Distribution Stores and speak to the sales staff about the benefits of MyStar:

- Hello Communications
- Marli Street, Port of Spain
 - Aboutique Mall, Port of Spain
 - Long Circular Mall, St James
 - Trincity Mall, Trincity
